

Transportation

Committed to working with Treasure Valley transportation officials and representing the Caldwell community for the future. Address transportation needs in and around Caldwell and the Treasure Valley.

Committee Chairs

Clair Bowman

Clair came to Idaho in 1976 as first graduate faculty member when BSC became BSU and taught in Colleges of Education and Business for five years. He filled several administrative roles in the BSU President's office for the next 5+ years. He was hired by Ada Planning Association as Executive Director in 1987 and guided it for 18 years, including its expansion to become Community Planning Association of Southwest Idaho. Retired (the first time) and immediately gave it up to become the first Director of the newly-formed Meridian Urban Renewal agency. Retired (the second time), followed shortly by Nampa's request to become their transportation planner – a part-time role that I've held since 2007. Clair has carried on a software development and management consulting practice for over 20 years while doing these other roles.

Randy Noble

Nampa Highway District #1
